PROFESSIONAL SUMMARY

Senior Frontend Developer with 8+ years of experience delivering fast, accessible, and pixel-perfect web products for international clients in Australia, Ireland, and Indonesia. Specialised in React, Next.js, TypeScript, Webflow, and WordPress. Strong Figma-to-code pipeline with a proven track record of improving Core Web Vitals and shipping production-ready interfaces across real estate, SaaS, eCommerce, and cybersecurity industries. Early adopter of AI-assisted development workflows.

WORK EXPERIENCE

Frontend Developer

January 2021 – Present

SoftwareSeni · Yogyakarta, Indonesia (Remote — AU & ID clients)

- Led frontend architecture and development of Cybermatika, a B2B cybersecurity SaaS platform, using Next.js, TypeScript, Payload CMS, and Tailwind CSS.
- Engineered pixel-perfect, responsive platforms for international real estate clients including Kay & Burton, Magain, and 1st City, ensuring seamless cross-browser compatibility.
- Overhauled SoftwareSeni's AU and ID corporate websites, significantly improving Core Web Vitals, page load speeds, and SEO performance.
- Built and maintained reusable UI component systems using Tailwind CSS and SCSS to streamline styling and reduce development time.
- Leveraged AI-assisted development tools (GitHub Copilot, LLM workflows) to accelerate code delivery without sacrificing quality.
- Collaborated with Project Managers, UI/UX designers, and cross-functional teams to translate Figma wireframes into production-ready web applications.

Software Developer

January 2017 – December 2020

PT Codelabs Indonesia · Jakarta, Indonesia

- Developed frontend interface for StroTV, an online video streaming web platform.
- Built the flight booking UI for Misteraladin Travels, optimising user flows for domestic and international bookings.
- Maintained and optimised the Mayflower with Mastercard Travels frontend website, resolving bugs and improving performance.
- Delivered travel and loyalty platforms: KIA Tours and Travels, Instant OTA Travel, and Enreech Loyalty Program for City Tours.
- Developed internal products: POS Marketplace, Sales Forces (technician management app), and booking utilities for meeting rooms and vehicles.
